# Tactical Cases & Trollies

## A-C. Beretta Tactical Explorer Cases and Trolley

Protect your handguns and accessories from rain, humidity and sand. Made of resistant injection molded polypropylene, the Tactical Explorer Cases and Trolley are completely waterproof and watertight and will keep your valuable firearms safe even in tough outdoor conditions. Inside, layers of "pick and pluck" foam let you customize the bottom of the case to accommodate your handguns and accessories in your preferred layout while keeping them firmly in place during travel. Choose between the model for one pistol (2712B), for two (4412B) or the Tactical Trolley (5112B), which features wheels and a retractable handle for convenient transport. TSA approved. Made in Italy.

*A. 2712B..... Single Pistol Case..... 12″x 10½″ x 5¾″ .....4 lbs.....$79*
*B. 4412B..... Double Pistol Case.... 18½″ x 16½″ x 6″.....8.5 lbs....$149*
*C. 5122B..... Tactical Trolley ..... 21½″ x 14″ x 9¾″.....15.5 lbs. ....$209*

## D. Accessory Case for Tactical Trolley

Designed to fit snugly inside the Beretta Tactical Trolley, the Accessory Case is a removable soft briefcase that offers you customizable compartments with Velcro spacers. A veritable case within a case, it allows you to easily carry the most critical items to your shooting station without lugging around the whole trolley; also, you can set it up as a convenient shelving unit within the trolley. Rubber handle, detachable strap, no-noise zipper. Made in Italy.

*D. BAG-B..... 20″x 11″x 5½″.....2.75 lbs. ..... $59*

*Accessory case can be used with or without the Tactical Trolley.*

© 2013 Beretta USA Corp., Accokeek, Maryland. Prices are valid through March 31, 2013.

*The same attention to detail and manufacturing excellence that Beretta puts into its legendary firearms is given to the products that accessorize them. In the Beretta Pro Shop you can be confident that the add-on, replacement or upgraded part you are purchasing works perfectly with your Beretta firearm, whether the accessory is from our factory or from one of our trusted partners.*

*In our Pro Shop you will find a wide selection of parts for your shotgun, pistol and rifle. We offer a variety of grips, magazines and holsters for Beretta pistols, accessories to customize your U22 Neos, numerous tactical options for your CX4 Storm and much more. We are continuing to develop Pro Shop to complement our complete product line of firearms. Visit our website at www.berettausa.com to shop our full line of Pro Shop Gun Accessories.*

# 92 SERIES PARTS

A.

*For a video demonstration on how to change a mag catch from the left to right side, scan this QR code with your smartphone.*

## A. Beretta 92/96 Steel Oversize Catch, Mag Assembly

Cut down on your tactical reload time with this oversize magazine catch, which also makes it easier to feel and operate the mag-release button while wearing gloves. It fits all 92/96 series double-stack magazine pistols and is installed in minutes without gunsmithing. Black. Made in Italy.

***UD8A0203 ..... $29***

*Customer Review:*
*"This is great for anyone concerned about keeping their gun in the proper grip, and on target. A key upgrade for quick mag changes."*

92FS

B.

## B. 92 Barrel 9mm Standard Blued Finish

A true drop-in barrel with finished chamber that does not require any gunsmithing. A replacement for 92 Series. Features 4.9" (125mm) barrel with blued finish, chromed internal finish and standard muzzle. Fits: 96/96A1/90-TWO/Vertec/Brigadier/Elite. Made in USA or Italy.

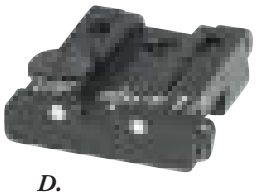
***UD80989 ..... $129***

C.

## C. Beretta Steel Recoil Spring Guide and Recoil Rod

If you shoot a lot, it pays to upgrade to a steel recoil rod and spring. Fits all Beretta full sized series 90 pistols. It does not fit the 92A1, 96A1 and the 90-TWO. Will not fit Compact, Centurion, or Compact Type M pistols. Made in Italy.

***EU00031 ..... $21***



D.

## D. Beretta 92/96 Target Adjustable Rear Sight

The target adjustable rear sight brings out the full accuracy potential of your 92/96 pistol. Please visit berettausa.com for instructions on how to install this accessory.

***E00169 ..... $57***

## E. Beretta 92/96/98 Elite II Skeletonized Hammer

Give your Model 92/96/98 an aggressive look. Beretta factory original skeletonized hammer not only looks cool but can improve cycle time because of the lighter weight. Fits: Beretta 92FS/96FS/98FS/Brigadier/Target. Made in Italy.

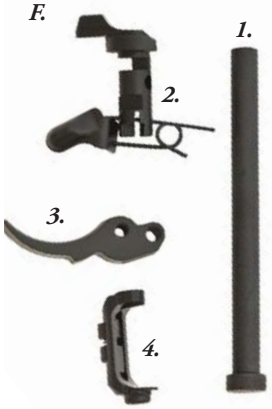
***UD5A0584 ..... $34***

E.

## F. Factory 92FS Steel Parts

These Beretta factory steel components allow you to replace the polymer parts in your 92-series Beretta pistol with solid steel. The set includes: 1) recoil guide rod, 2) safety lever assembly, 3) trigger, and 4) magazine release assembly. All parts are made in Italy and come with a durable black finish. They will fit the following models without any gunsmithing: 92F, 92FS, M9, Elite, 92A1,* M9A1. *Note: item (1), the recoil guide rod, does not fit the model 90-TWO and 92A1.

***E00706 ..... $69***

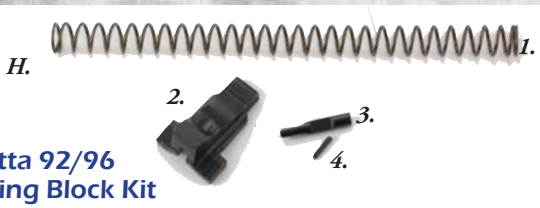


G.

## G. Beretta 92/96 Steel Trigger Set

The set includes trigger, trigger spring and D-version hammer spring, enabling you to replace the composite trigger of your pistol with one made of solid steel. It fits all Beretta full-sized series 90 pistols. Note: it will not fit Billennium, Steel One or Combat models.

***E00691 ..... $25***



## H. Beretta 92/96 Locking Block Kit

This kit helps your 92/96 series pistol stay in perfect working condition after many years of hard use. Includes: 1) recoil spring, 2) locking block, 3) locking block plunger, and 4) locking block pin. Note: 2 and 3 are 3rd generation and must be used together.

***LE9201 ..... $36***

# 92 SERIES ACCESSORIES

*A.*

## A. Beretta Laser Grips

The Beretta Laser Grips have dual side-activation buttons, rubber-over-mold construction, fully adjustable windage and elevation, a master on/off switch and a Beretta trident logo! The lithium batteries (included)provide more than four hours of on-time use with a five-year shelf life. Applicable for Beretta Models 92 and 96 large frame, including Centurion, Elite II, and Brigadier. Technical specifications: beam intensity is 5-mw peak, 633-nm, class IIIa laser, the maximum output allowable by federal law and technology. Dot size approximately 0.5" diameter at 50 feet. Made in USA.

***JG92LG302 ..... Standard ..... $299***

## Military Laser Grips (not shown)

These grips are designed specifically for the demands of military use. This model exceeds standards for waterproofing, dust/salt/fog resistance and high/low temperature operation. Compared to our standard Lasergrips, this model features a more prominent rubber-overmolded front activation switch and aggressive textured side-panels, which are designed for maximum control with or without gloves. Made in USA.

***LG-402 ..... Military Standard ..... $359***

## B. Beretta 92F/FS Rail System

A nice solution for quickly and easily adding versatility to pistols without a Picatinny rail. The easy to fit and remove system clamps onto the trigger guard area and is secured by Allen screws, providing stability for mounted light or laser. CNC machined from aviation grade Aluminum. Weighs just 1.410 ounces. Imported.

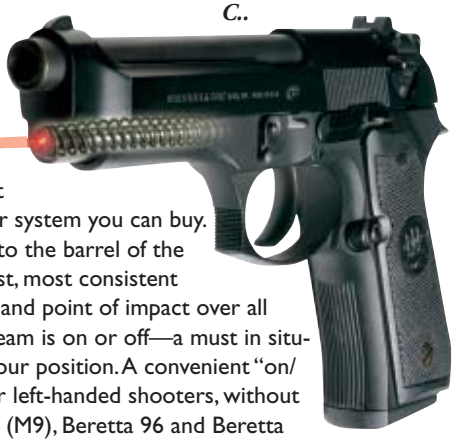
***TDIBERA1 ..... $48***

*B.*

## C. LaserMax Guide Rod Laser

Proven in more than 17 years of street and combat experience by SWAT, Special Forces, agencies, Presidential Security Services and other top-tier commands.

*C..*



This internal guide rod laser is the most technologically advanced, hardened laser system you can buy. Because the laser sight installs as close to the barrel of the firearm as possible, it ensures the closest, most consistent relationship between your point of aim and point of impact over all shooting distances. It's your call if the beam is on or off—a must in situations when you don't want to reveal your position. A convenient "on/off" switch is easily activated by right-or left-handed shooters, without altering the grip. Fits full size Beretta 92 (M9), Beretta 96 and Beretta Vertec (does not fit Beretta's 92A1, 96A1, or 90-TWO). Made in USA.

***LMS-1441 ..... $399***

## D. .22LR Conversion Kit

Enjoy thousands of rounds of practice with your 92 series pistol without breaking the bank. Our bestselling conversion kit transforms your 92 series pistol into a .22LR practice handgun that looks and handles like its centerfire counterpart. Included: steel .22LR barrel, aluminum slide with adjustable sights, FS manual safety and firing pin block device, recoil spring guide and spring, magazine loader and 10 round magazine. No gunsmithing required. Visit berettausa.com for a list of compatible models.

***J9022PK ..... $389***

*D.*

# 92 SERIES ACCESSORIES

## A. Beretta Snaps Leather Black Holster

Great-fitting right hand belt holster positions exactly where you want it and makes for comfortable all-day wear. Black leather holster features an open back end and barrel end. Double snap fasteners secure holster to belt without requiring you to take the belt off first. Max belt width: 1.57". Made in Italy.

*FO5000200099 ..... $57*

*A.*

## B. Hybrid Holster

Your Beretta 92/96 will literally disappear as you wear this inside-the-waistband holster designed for maximum concealability and comfort. Made by hand specifically for Beretta, it is adjustable for ride depth and cant. Also, it will distribute the handgun's weight evenly against your body rather than downwards, making your 92/96 feel considerably lighter. Leather-backed and ventilated for soft and cool concealment. Right hand only.

*GI03INCIMRH ..... $64*

*B.*

## C. Mesh Logo Cap

Our black Beretta cap, with breathable mesh sides and back. Moisture-wicking Q3 fabric on the front panels delivers complete comfort no matter how hot the action. Cotton/polyester. Color: 999)black. Imported.

*BC969143*

*One Size Fits Most ..... $20*

*C.*

## D. Tactical Belt

Our dual layered 1½" belt is hand-crafted from Premium Grade A bull hide from the finest tanneries available (the thickness will be a tad shy of ¼"). Extremely comfortable, this sturdy belt will carry a firearm plus accessories all day without sagging. Stitched with heavy-duty nylon thread. This belt will last for years and continue to function as intended. Made in USA.

*E.*

## E. Beretta Magazine Speed Loader

This compact, lightweight pistol speed loader makes it easy to load magazines to the maximum capacity. No more leaving the last round out because it is too hard to get in. Faster loading means you will maximize your shooting enjoyment. It's designed to load most 9mm & .40 S&W caliber, double stack magazines, of any length. Made in Italy.

*JMSLDS .....$9*

## F. Beretta Holster for 92FS/96/92A1/ 96A1 – Right Hand

Thanks to a reduced spacer and size, this thermo-formed ABS holster is ideal for concealed carry for police, military and sport (IDPA, IASC). The *Paddle Belt* attachment allows you to carry the holster without the belt, while ensuring stable extraction of the pistol. The *High Ride System* can be used with belt widths from 1.4" to 2.2" (3.5 – 5.5cm). Holster comes with *Paddle Belt* and *High Ride System*. Made in Italy.

*FO8000170999 ..... $49*

*F.*

# PX4 SERIES LASERS

## A. Tactical Classic Cap

Basic black or non-glare silver in a soft, comfortable all-cotton cap. Adjustable back strap for a custom, comfort fit. Low-profile Beretta embroidery along the visor. Colors: 0999)black, 077A)silver. Imported.

***BC012908.....One Size Fits Most.....$20***

## B. LaserMax Genesis Rechargeable Green Laser: The First of Its Kind

The first laser that combines a compact and ruggedly durable green laser with a battery that's rechargeable. And it fits virtually any firearm with an accessory rail, including Beretta's PX4 Compact and Storm Compact. The green laser is visible during any level of lighting, both day and night. With Genesis, you don't have to worry about a dead battery standing in your way when you need a laser the most. Battery life: 2.5 hours. Micro USB port for easy charging; power supply included. Made in USA or imported.

***LMS-GEN-B.....$249***

## C. Uni-Max Micro Red Laser

Though it fits virtually any firearm with an accessory rail, this ultra lightweight, compact laser is perfect for Beretta's Px4 Sub-Compact. The durable design features a bright 5mW constant red beam, automatic 10-minute shutoff, and dual tap-on activation switch for right, and left-handed shooters. Quick and easy installation. User adjustable for windage and elevation. More than 5 hours of battery life. Made in USA.

***LMS-MICRO-B ..... $129***

## D. Crimson Rail Master White Light

This instantly-activated tactical white light makes it easy to see your target in nighttime conditions. Produced by industry leader Crimson Trace, the unit is installed in a matter of minutes on any handgun equipped with a Picatinny or Weaver rail. While producing a bright light, the unit is small and does not interfere with the balance of your firearm. Light activation modes are: Constant On, Momentary, Strobe (or Dazzler). Made in USA.

***CMR-202..... $129***

## E. & F. High Performance Bags

Effortlessly carry boxes of ammo to the range—plus your earmuffs, eye-protection and accessories—with these compact bags from our High Performance line. Constructed of heavy-duty nylon, they offer plenty of inside space and outside zippered compartments for all your range needs, plus a detachable shoulder sling and a padded handle for easy carry. Choose between our Range Bag and Range Bag With Bottom Compartment. Color: 0501. Imported.

***E ...BS200189.....*** *Range Bag With Bottom Compartment*
*13" x 12" x 14".....* ***$90***

***F ...BS230189.....*** *Range Bag*
*11" x 6" x 8".....* ***$59***

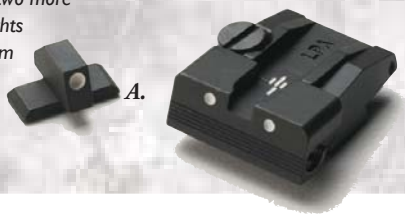
# PX4 SERIES PARTS

## A. Adjustable Rear Sight & Front Sight

Make more accurate shots with this three white dot system. Fits on: PX4 Full Size, Compact, Special Duty. For the installation we suggest using tool code # UD6A0027, *PX4 and 8000 Rear Sight Tool* or have the installation performed by an Authorized Beretta Service Center.

***E00457 ..... $69***

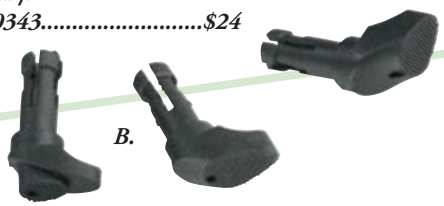
*Customer Review:*
*They are just that deadly accurate, I had them installed by a gunsmith (highly recommended) on my PX4 .40 S&W full size. I intend to buy two more sets of these sights for my PX4 9mm full size and my PX4 .40 S&W subcompact.*



## B. Beretta PX4 Magazine Release Kit (3pcs) High, Medium and Low

Customize your PX4 with a magazine release that best suits your hand size and grip. Our kit gives you three easy-install size options, from low to high. Made in Italy.

***E00343.....$24***



## C. High Performance Pistol Rugs

Protect your investment with a pistol rug from our High Performance line. These rugs, with their easy-opening, heavy-duty coil zippers can handle all Beretta's sub-compact/compact pistols. The water-resistant, scratch-resistant, anti-shock exterior is heavy-duty nylon with 1½" foam padding inside. Carry handle. Color: 0501)blue. Imported.

***FO840189 .... 10".....$22***
***FO910189 .... 8".....$19***

## D. Beretta PX4 Full and Compact Sized Barrels 9mm

The factory replacement barrels for the PX4 pistol feature a durable matte black outside and a chromed inside finish. Compact: 3.2"(3.8" overall length); Full size: 4.0" (4.6"overall length). Both barrels are extended by .6" (15mm) to accommodate threading. Caliber: 9mm. Made in Italy.

***JBPX49CEXT .....Compact ..... $169***
***JBPX49FEXT .....Full Size ..... $169***

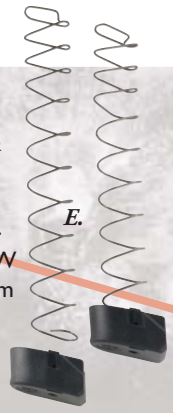
PX4 Storm

*Customer Review:*
*"After reading the first review I purchased the Magazine extension and spring for my PX4 Compact 9mm. I tried it both ways, with the longer spring and the original spring, it works both ways but the original spring allows the 18th round to be installed with ease; it gives you a spare spring as well, win-win. I also agree with the other reviewer that it looks real cool as well! I recommend it."*

## E. Beretta PX4 Series Extended Magazine Pad & Spring, 9mm & .40 S&W

Get more rounds out of your magazine with an easy to install pad extension. Increases the capacity of .40 S&W from 14 to 17 rounds and a 9mm from 17 to 20 rounds. Made in Italy.

***E00344 .40 S&W .....$24***
***E00345 9mm .....$24***



## F. PX4 Tactical Knife

Modeled after the ones currently used by the Navy SEALS. The PX4 Knife has an aluminum sure-grip handle, 3.54" 440C stainless steel blade with a hardness rating of HRC 56-58. Blade thickness: 0.16"; overall knife length: 8.27". Coated in a non-reflective PTFE black. Imported.

***CO7404500900 ..... $99***

# Px4 STORM ACCESSORIES

## A. PX4 Magazines

# NANO Series

## A. Nano Grip Frame

Keep your Beretta Nano looking new with this factory grip frame replacement. Since the serial number of the Nano is on the stainless steel chassis, the technopolymer grip frame can be easily exchanged or replaced like other accessories. Made in USA.

*UD5A0910 ..... black .....$39*
*UD5A1260 ..... dark earth .....$39*
*UD5A1259 ..... OD green .....$39*
*UD5A1261 ..... pink .....$39*

## B. Handmade Nano SuperTuck Holster

The most comfortable and concealable holster available has bulletproof construction and a design that won't give you away. Adjustable for ride depth and cant, the SuperTuck features new corrosion-proof steel clips, micro holes for breathability and premium grade leather backing. Mounting spacers behind the clips allow for easier tucking. These incredible holsters are made by hand in a small shop in Italy. Steel mounting hardware for the clip attachments included.

*GI03-INCI-RH ..... $64*

See how easy it is to wear the Nano SuperTuck holster. Scan this code with your smartphone.

## C. Nano 9mm Magazine

Designed for the rigors of concealed carry, the Nano's 9mm magazine and follower are constructed entirely of polished stainless steel. The polymer floorplate completely covers the bottom of the Nano's grip-frame to reduce the introduction of foreign contaminants and create a uniform grip. Magazine capacity: 6 rounds. Made in USA.

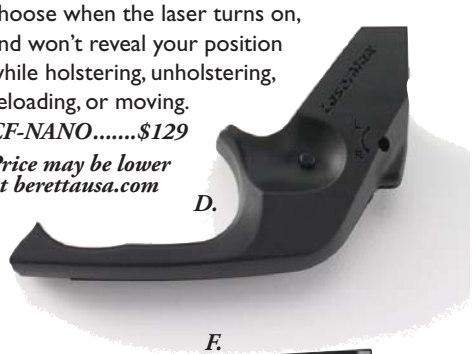
*JM6NANO..... 96 round .....$34*
*JM8NANO..... 98 round .....$38*

## D. Beretta BU Nano Laser CENTERFIRE LaserMax

Designed and optimized specifically to fit the Beretta Nano, this laser sight offers a smooth, snag-free profile and easily mounts on the frame without gunsmithing or alterations to the pistol. It features a red laser with constant beam, with ambidextrous controls for right- and left-handed shooters; and the patented Controlled Activation™ system lets you choose when the laser turns on, and won't reveal your position while holstering, unholstering, reloading, or moving.

*CF-NANO.....$129*

***Price may be lower at berettausa.com***



## E. Night Sites Kit

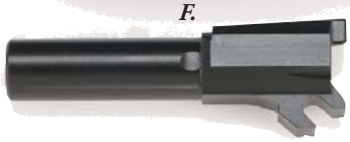
The Beretta Nano Trijicon Night Sights are among the brightest in the industry. Filled with tritium gas, they feature a sapphire front lens that focuses light and is impervious to solvents. The lamps are silicone cushioned so they can take years of use, and come with a full warranty. Solid steel, matte black, made in USA.

*EU00038 ..... $105*

## F. Nano Barrel

Easily replace your Beretta Nano barrel with a genuine factory part. The replacement 9mm barrel is drop-in and requires no gunsmithing while giving you the strictest Beretta factory tolerances. Made in USA.

*UD5A1009 .....$86*



# BOBCAT & TOMCAT Series

## A. Grips

Modify the looks of your Beretta Bobcat or Tomcat with elegant walnut grips, or replace your old holster-worn factory grips with new plastic ones with the classic Beretta logo. Note: the replacement grips do not come with grip screws.

# U22 NEOS SERIES

A.

- Converts your U22 Neos pistol into a light and compact carbine
- Includes barrel and stock assemblies and multipurpose tool
- Allows mounting of optics with an Aluminum Weaver™-style top rail
- Features a rubber butt plate
- TRUGLO™ orange fiber optic front sight, fully adjustable aperture rear sight
- Uses pistol's magazine, slide and receiver assembly
- Now approved for sale in California

A.

*Shown assembled with NEOS pistol, sold separately.*

## A. U22 Neos Carbine Kit

The U22 Neos Carbine Kit adds another level of performance and modularity to the U22 Neos product line. The kit allows you to transform the pistol into a handy "plinker" carbine or lightweight "camp gun," with easy disassembly and compact transportation. A barrel/fore-end/top-rail assembly and a stock unit easily replaces the pistol's barrel and grip using the supplied multi-purpose tool. A TRUGLO™ orange fiber-optic front sight is standard, as well as a fully adjustable aperture rear sight, to provide fast target acquisition. Both sights are removable and replaceable. The barrel features a built-in machined aluminum Weaver™-style rail that allows mounting of optics using standard mounts. Every U22 Neos pistol and carbine may be accessorized with a complete line of products. Made in USA.

***JU22CK1 ..... $249***

C.

## C. Beretta Neos U22 Front Sight Set of 5

Put away the nail polish or specialized paint. Our set of five front sights (red, white, orange, yellow, black) ensures you'll always have the right color to match the conditions or your preferences.

***UD6A0283 ..... $35***

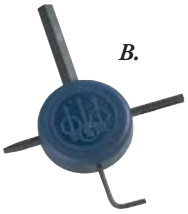
D.

## D. Burris FastFire Increases Accuracy

Simplify the act of aiming and eliminate the need to focus on and align your sights and target. The FastFire's aiming red dot and target are always in focus and aligned for the ultimate in accuracy. Fully waterproof and low mounting, it has repeatedly proven its toughness on the slides of high power semi-autos, slug guns, shotguns and high-power rifles. Special bases are available for most firearms. Lithium CR2032 battery (lasts up to 5 years) included. Imported.

***300233..... $199***

## B. Beretta U22 Neos Multi-Purpose Tool



B.

This unique tool allows the user to adjust and disassemble the U22 Neos pistol. It features four tools: 1) Hex key to remove grip 2) Hex key to adjust trigger overtravel stop (DLX models only) 3) Screwdriver bit to adjust rear sight windage 4) Slotted key to remove rear sight blade.

***UD5A0729 ..... $24***

## E. U22 Neos .22 LR 10-Round Magazine

E.

Guaranteed for reliable fit and function, these Beretta factory magazines are made of stainless steel under strict tolerances specifically for the U22 Neos. Great as a replacements or spares, these comfortably loading magazines will function reliably for years with proper care. Made in USA.

***JMU22..... $25***

# CX4 STORM SERIES

The innovative CX4 Storm is accurate, soft-shooting and readily accepts a large assortment of accessories.

*A.*

## A. Cx4 Storm Barrel Shroud 9mm, .40 S&W, .45 ACP

Protect yourself from a hot barrel with our precision-machined, aircraft-grade aluminum shroud. Fits all CX4 models (when installed will not fit in original case). Military spec acid-etched for anti-glare. As the shroud does not suppress sound, it is legal to own in all 50 states. Made in USA.

***EU00029 .....$124***

*B.*

## B. CX4 Top Picatinny Rail

Designed of aluminum and finished with black anodizing. Comes with three mounting screws and two nutplates. Ideal for scopes, lights, lasers, grips, etc. Super lightweight. Color: black

***E00268 ..... $59***

## C. Burris AR P.E.P.R.™ Tactical Mounts

The P.E.P.R.™ stands for *Proper Eye Position Ready* for combat riflescopes. The ring bases on these Burris Mounts are milled as a single, tough unit and provide 2″ of forward scope positioning. The top of the rings feature Picatinny rails for mounting additional accessories.

***410343.....1 inch.....$79***

*C.*

## D. Cx4 Storm Carry Case

Perfect for safely transporting your Cx4 Storm to and from the range. Constructed of durable nylon, this padded case is roomy enough even when you have fully accessorized with a scope, front grip and tactical light. Two internal straps keep everything in place. Carry handle and detachable shoulder strap included.

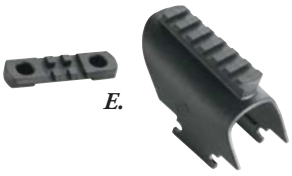
***FO4000140099.....$70***

*D.*

## E. Cx4 Storm Bottom & Side Accessory Rail Kit

Fully accessorize your CX4 with scopes, lights, lasers and grips! Used with the side rail provided with the CX4 Storm carbine, this kit finishes out the two side rail positions and adds the bottom rail. Constructed of super lightweight black polymer. Allows for attachment of any Weaver mount assembly. Comes with four mounting screws.

***E00270.....$54***



*E.*

## F. Cx4 Storm Cocking Handle

Two are better than one. Reversible handle can be installed on both sides simultaneously.

***C79898.....$19***

*F.*

*G.*

## G. Cx4 Storm Vertical Long Grip

Super lightweight, bi-function vertical grip allows a natural "Fighting Stance" hold on your Cx4 Storm. Designed for mounting onto a standard Picatinny or Weaver rail system. Waterproof compartment for batteries. Molded from reinforced polymer composite.

***EU00004 .....$33***

***Price may be lower at berettausa.com***

## H. Cx4 Storm Folding Grip, 4 Position

Multi-angular, 4-position folding steady grip locks at horizontal, vertical, 45°, & 135° positions to give you improved performance during rapid fire. Lightweight grip is easy to fit and secure on a Picatinny or Weaver rail. Molded from reinforced polymer composite. Length in vertical position: 4½ inches/11.5cm. No gunsmithing required.

***EU00025 .....$50***

*H.*

# OPTICS

## A. Burris Xtreme Tactical SpeedDot Sight

Tactical shooters know all about extremes. The worst weather. Oppressively bright sun. Pitch darkness. The repeated recoil of automatic weapons. Whatever extremes you have to deal with, the XTS-135 Xtreme Tactical SpeedDot can handle it. It's waterproof, fog-proof and shockproof, and the sight's high definition 5 MOA red dot has 11 brightness settings to adapt to the full range of light. Matched up with Burris XTR Rings, the tough little sight can be mounted ultra-low for superior compactness or high enough to clear iron sights. Weight: 5 ounces. Matte black finish. Imported.

***300205..... $239***

*B.*

## C. Burris Xtreme Tactical Rings

*C.*

One look and you know Xtreme Tactical Rings are all about point-of-aim security and durability. The super-strong yet surprisingly lightweight, six-screw aluminum rings anchor scopes in place on any Picatinny rail or Weaver-style base to deliver unfailing return-to-zero.

## D. Steiner 8x30 Military/Marine Binocular

A tough, compact binocular that offers plenty of magnification, rainproof construction, and maximum versatility. After years of use in a variety of settings—from mountaintops to deep canyons, aboard and ashore—Steiner's refined design offers everything for the sportsman, whether spotting game or exploring nature. Exceptionally clear, bright, powerful and field-rugged, these binoculars feature Steiner's unique auto-focusing that puts all the action in focus at once. Durable rubber armoring; guaranteed not to fog or leak internally (10-year limited warranty). Long eye-relief (20mm) for eyeglass wearers. Field of view: 360 feet at 1,000 yards. 4.6"L x 6.8"W x 2.4"H. Made in Germany.

***280S..... $239***

**See more optics at: at: berettausa.com/optics**

*A.*

## B. Burris Speed Dot 135 Red-Dot Sight

A sight that holds up to brutal punishment and delivers a crisp, perfectly round, bright, adjustable brightness dot. The rugged, nitrogen-filled 35mm main tube is waterproof and fog proof. A huge field-of-view provides fast target acquisition and the fully coated lenses offer a crisp, clear, non-reflective sight picture. Featuring 11 brightness settings, it is available in either a 3MOA size dot for precision shooting or an 11MOA dot for super-fast action shooting. Includes Weaver-style mounting rings and an easy-to-find #2032 camera battery with a 200+ hour life at the highest setting. Matte black finish.

# LONG GUNS

## A. Burris Eliminator™ LaserScope

A.

Other Burris binocs and scopes can be found at: berettausa.com/burris

Your days of losing sight of your trophy while guessing yardage and holdover are over. In a split second, the Eliminator ranges the target, calculates the trajectory, and illuminates the perfect holdover. Starting with the field-proven and bright crystal-clear optics of the original Burris LaserScope, the Eliminator provides a sophisticated yet very simple and accurate means of tailoring the scope's trajectory compensation to virtually any cartridge. The sophisticated technology is simple to use, too. Once the few easy steps of programming are completed, your info will always be stored in the scope, even with a dead battery. A proprietary mounting system allows for the lowest possible mounting. Go to berettausa.com to see the mounting system that works best for you. Imported.

*200112B* ..... *$899*

C.

## C. Beretta Gel-tec Cheek Protector

Beretta Exclusive. Made of the same shock-absorbing silicon gel as our popular recoil pad, the Gel-tec Cheek Protector eliminates bruised cheeks. The protector is easily moved from gun to gun—hundreds of times—without losing its effectiveness. Clear in color so your stock shows through, it works equally well on wood or synthetic stocks. Made in Italy.

*E00378* ..... *Protector .12" thick*.....*$29*
*E00489* ..... *Protector .24" thick*.....*$29*

## B. Beretta Gun Pod Unit

The Beretta Gun Pod is a revolutionary digital display that mounts to the grip cap of your shotgun. It provides a digital readout of the ambient air temperature, the cartridge pressure of the round fired and the overall number of rounds fired, making it perfect for the serious shotgun shooter.

*E8A119*..... .....*$215*

B.

## D. Balance Cap:

Three interchangeable weights constitute the Balance Cap. This system allows the shooter to achieve the perfect balance. A resistant anodized finish on the Balance Cap allows the shooter to compete anytime, anywhere. Fits all Beretta A400 stocks.

# CHOKE TUBES

## A. Beretta Choke Tubes OptimaChoke HP

Designed specifically to fit the newest generation of Beretta firearms, our OptimaChoke® HP tubes stand up to the heat of competition. Manufactured from high- strength steel and finished in a nickel-alloy coating, these chokes guarantee significant corrosion resistance and have the ability to withstand the rigors of steel shot. OptimaChoke® HP tubes are fully interchangeable on all Beretta barrels that are threaded for Optima-Choke® HP. Visit berettausa.com for a detailed chart on which choke tube fits your Beretta firearm. Made in Italy.

WARNING: Use of the Optima HP choke tube in an Optima firearm (without the HP designation) can cause severe damage to the choke tube and barrel when the shotgun is fired. Only use Optima HP choke tubes in these Optima HP shotguns: SV10 Perennia, SV10 Prevail, A400 Xplor and UGB25 Sporting.

## B. TX4 Stand Off Device
## Optima HP Choke Tube CL

Six Point Hex Breacher made from 6061 Mil Spec Aircraft Aluminum for light weight. This unit was designed for its radical look. It is a full functioning muzzle brake / recoil reducer, but do not let the looks fool you, it is still a functional breacher for occasional use.

*JCTAC1..... $159*

# CHOKE TUBES & MORE

## A. Beretta Mobilchoke Choke Tubes

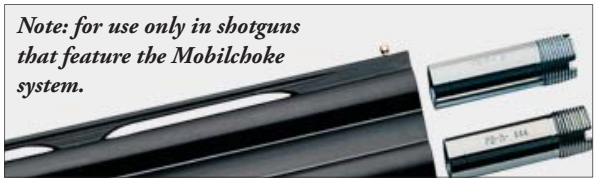
The Beretta Mobilchoke tubes offer you the same choke system as the latest Beretta US-made semi-auto shotgun, the A300 Outlander. These choke tubes are original Beretta factory replacements for shotguns that feature the Mobilchoke system.

Beretta Mobilchoke tubes are available in two versions:

- Flush—for 12, 20 and 28 gauge
- Extended—adding 25mm and 50mm for 12 gauge (available online).

*A.*

These choke tubes are treated against corrosion; they are designed to resist stress and to offer maximum durability. See Chart Below.....*$30*



*Note: for use only in shotguns that feature the Mobilchoke system.*

## A. Beretta 92 Techno Pistol Case for Storage, Display or Transport

This is the most advanced gun case on the market today, with its rugged milled aluminum frame to its ¼" thick acrylic display panels, and it's dual-sided inbuilt keylocks. You can feel safe about the security of your Beretta 92. This is a handgun case with a difference, featuring a see-through structure and inbuilt key-lock that lets handguns be securely stored and displayed. The leading edge of gun storage, this multifunctional model features a plexiglas cutout custom fit to the 92, a dummy mag mount, and a cutout for the magazine. The dummy mag, due to its precise design will not damage the pistol in any way. The dummy mag can also be locked in place so that the handgun can be displayed both horizontally and vertically. 13.2"H x 11"L x 3 "D. Weight is 7 lbs. Made in Italy.

***TFGSB-92-BER.....$350*** ***Prices may be lower at berettausa.com***

## B. Pistol Vault

Our heavy-gauge steel vault will keep one or two of your pistols safe and secure from everyone but you. Deep foam padding fully protects your firearms. Five-button Simplex lock opens in seconds for fast access when you need it. Change the combination as often as you want. Holes on bottom for secure attachment. Small vault comes with a locking cable that can run through the bottom holes for quick security. Made in USA.
